

Electric Convection Oven

XF 023AS
Anna
4 460 x 330

Features:

- ♦ **Small with big Capacity**
- ♦ **Very Competitive Price**
- ♦ **Reliability**
 - The whole line has been properly designed with components able to work continuously for long times
- ♦ **High Quality of Baking** by fan and chamber design studied to optimize the air flow
- ♦ **Uniform Baking** at all points
- ♦ **Safety**
 - The external glass remains cool thanks to an air space between the two glasses that compose the door (inner temp. 260°C - outer temp. 60°C)
 - The insulating material employed is characterized by extraordinary insulating features
- ♦ **Hinges** are designed for optimum reliability and have been tested for more than 60,000 openings with perfect balancing and soft closing
- ♦ **Stainless Steel Chamber** for maximum hygiene
- ♦ **Manual Control Panel** (timer & temperature) with embedded knobs to protect them from impact
- ♦ **Internal Light**
- ♦ **Supplied with 4 pans**
